

# 회원정보 입력페이지

The screenshot shows a web browser window with the address bar displaying `http://localhost/p1/part3/bjm_member_form.php`. The page title is "회원 정보 입력". The form contains the following elements:

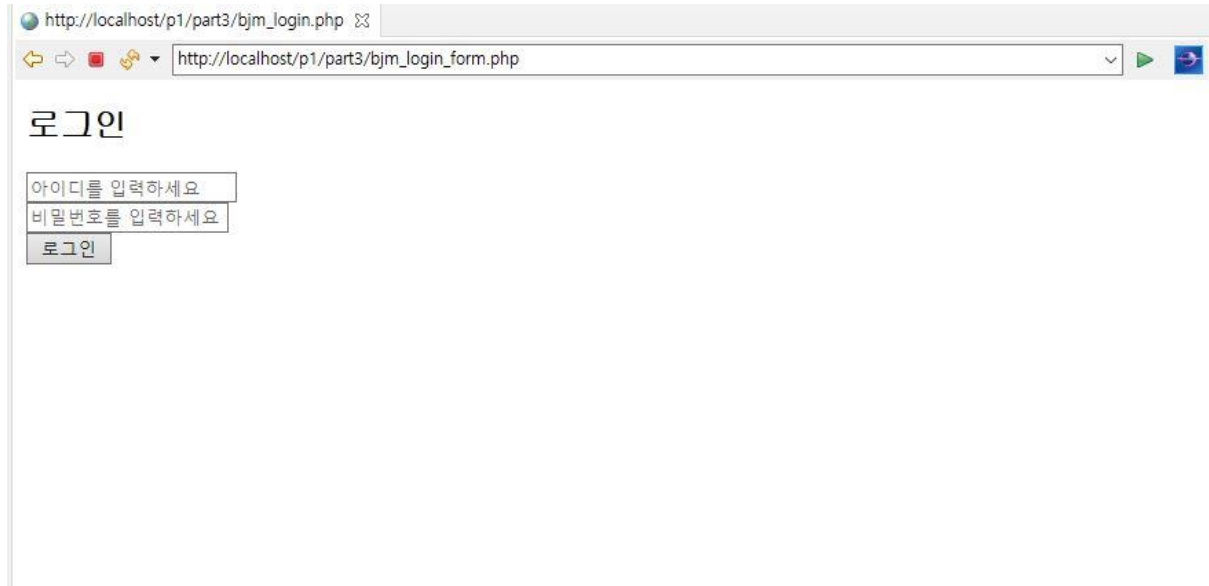

- A text input field with the value "php".
- A blue button labeled "중복확인".
- A text input field with three dots "..." as a placeholder.
- A text input field with three dots "..." as a placeholder.
- A text input field with the value "php".
- A label "성별 : 남성" followed by a radio button, and "여성" followed by a radio button. The "여성" radio button is selected.
- A grey button labeled "가입하기".
- A grey button labeled "취소하기".

# 회원정보 처리페이지

```
1 <?php
2 $id = $_POST["id"];
3 $pass = $_POST["pass"];
4 $name = $_POST["name"];
5 $gender = $_POST["gender"];
6
7 $con = mysqli_connect("localhost", "root", "", "sample");
8
9 $sql = "insert into bjm_member(id, pass, name, gender) ";
10 $sql .= "values('$id', '$pass', '$name', '$gender')";
11
12 mysqli_query($con, $sql);
13 mysqli_close($con);
14 ?>
```

# 로그인 폼 제공페이지

The screenshot shows a web browser window with the address bar displaying `http://localhost/p1/part3/bjm_login.php`. The page content includes the title "로그인" (Login) and a form with two input fields: "아이디를 입력하세요" (Enter ID) and "비밀번호를 입력하세요" (Enter Password). Below the fields is a "로그인" (Login) button.
